## PROFESSIONAL SUMMARY

Results-driven Full Stack Developer with 3+ years of experience building and deploying scalable web applications across healthcare, e-learning, networking, and entertainment domains. Skilled in React.js, Next.js, Node.js, AWS, and modern cloud technologies, with expertise in developing end-to-end solutions. Proven track record of improving application performance, including a 20% increase in data processing efficiency and a 15% reduction in page load time. Experienced in delivering production-ready platforms while implementing secure authentication and optimizing user experiences.

## PROFESSIONAL EXPERIENCE

### Skylink Fibernet Private Limited

Jan 2026 – Present

#### Website Developer & Programmer

- Designed and developed the SkyPlay OTT platform ([www.skyplay.in](http://www.skyplay.in)) end-to-end — UI design, frontend development, and production deployment
- Contributed to key sections of the Skylink corporate website ([www.skylink.in](http://www.skylink.in)), improving content structure, layout, and user experience
- Collaborate directly with the Director of Technology and MD to align web development goals with business requirements
- Optimise web pages for performance, SEO, and cross-browser compatibility; manage hosting, CI/CD, and ongoing maintenance

### Xentrix Hi-Tech Private Limited

Nov 2024 – Jan 2026

#### Software Developer

- Developed and maintained full-stack applications using Next.js and PostgreSQL, improving data processing speed by 20%
- Implemented secure JWT authentication and authorization, enhancing data protection and reducing unauthorized access attempts
- Collaborated with designers and backend engineers to deliver 3+ production-ready modules within strict deadlines
- Integrated RESTful APIs and managed application state effectively to ensure seamless user experiences

### Cordix Technology Private Limited

Aug 2022 – Aug 2024

#### Junior Full Stack Developer

- Developed and maintained web applications using React.js and Node.js, delivering high-quality code and optimal performance
- Improved frontend performance by refactoring React components, reducing page load time by 15%
- Deployed and managed web applications on AWS services including EC2, S3, RDS, Lambda, and Cognito
- Built RESTful APIs and contributed to backend service development using Express.js

## TECHNICAL SKILLS

|          |                                                                                                |
|----------|------------------------------------------------------------------------------------------------|
| Frontend | React.js, React Native, Next.js, HTML5, CSS3, JavaScript, Tailwind CSS, Material-UI, Bootstrap |
| Backend  | Node.js, Express.js, Next.js API Routes, RESTful APIs                                          |

|                            |                                                  |
|----------------------------|--------------------------------------------------|
| <b>Databases</b>           | PostgreSQL, MongoDB, DynamoDB, NeonDB            |
| <b>Cloud &amp; DevOps</b>  | AWS (EC2, Lambda, S3, RDS, Cognito, SES), Vercel |
| <b>Auth &amp; Security</b> | JWT, OAuth, AWS Cognito                          |
| <b>Version Control</b>     | Git, GitHub, GitLab                              |

## PROJECTS

---

### HealthClaim Validator | [Authenticating Insurance Claims via Medical Records](#)

- Built a full-stack web application to authenticate and validate insurance claims against patient medical records, improving claim accuracy and reducing manual review time
- Implemented secure document upload, record matching logic, and role-based access control for healthcare staff

### SkyPlay – OTT & Entertainment Platform | [www.skyplay.in](http://www.skyplay.in)

- Designed and developed the complete SkyPlay website for Skylink Fibernet — streaming plans, content showcase, and subscription flows — from scratch to production
- Built with Next.js and Tailwind CSS, ensuring fast load times, full mobile responsiveness, and strong SEO performance

### Skill Hunt – Online Learning Platform | [Web & Mobile](#)

- Developed a cross-platform learning solution for web (React.js) and mobile (React Native), enabling users to discover and enrol in skill-building courses
- Implemented course listing, progress tracking, and user authentication with JWT

### Real-Time Messaging Application | [Personal Project](#)

- Built a real-time chat app featuring user authentication, instant messaging, and full message history using WebSockets and JWT-based auth
- Designed with React.js frontend and Node.js/Express backend, with MongoDB for message persistence

### TinyLink – URL Shortener | [tinylink-wheat-nine.vercel.app](http://tinylink-wheat-nine.vercel.app)

- Developed and deployed a full-stack URL shortener using Next.js and NeonDB (PostgreSQL), with custom slugs, redirect tracking, and a clean Tailwind CSS UI
- Deployed on Vercel with serverless API routes for scalable and fast link resolution

### Skylink Corporate Website – Contributions | [www.skylink.in](http://www.skylink.in)

- Contributed to specific sections of the Skylink Fibernet corporate website — UI enhancements, layout improvements, content updates, and cross-browser compatibility fixes

## EDUCATION

---

### Sri Ramakrishna Institute of Technology

*Bachelor of Engineering*

Jun 2018 – Jul 2022

## CERTIFICATIONS

---

- Web Development in React.js
- Coursera – ReactJS Developer Certification
